

DIGITAL INSPECTION SERVICES

DLS 360

DLS 360 is a Digital Inspection Survey Package for vessel owners, operators, underwriters and financing companies that includes standard imaging and a report. This package is ideal for reports such as condition and valuation, damage, and on/off-charter.

FEATURES

- Full vessel high-resolution imaging with 144 images
- Damage and condition call-outs
- Full PDF report with active links
- Image viewer available online any time including Orthomosaic Map (shown top right). Use any browser to navigate the package - zoom, scroll and view all images

BENEFITS

- Indisputable digital record of point in time
- Easily understood surveyor notes with matching images
- High value add for a reasonable price - inquire for pricing based on vessel and location

REPORT INCLUDES

- Surveyor call-outs with damage and condition
- Active links to online viewer
- Inspection summary
